

# Welcome to Introduction to Computing I

## Announcements

- Complete “Getting to know you” questionnaire below and return it by next class.
- Read the syllabus.
- Register for the course at <https://runestone.academy/runestone/default/user/register> using your Colgate email and coursename colgateuniversity\_COSC101\_S24
- Homework: Read chapters 1 & 2 in the book, answer the questions and do the activities in the book.

## Getting to know you

Please respond to the following prompts. (I will not share your responses with anyone else)

### Questions (5 min)

**Start time:**

1. What is your name?
2. How do you like to be called?
3. What are your pronouns?
4. Are there any programming language(s) you have previously learned? Specify which.
5. What is something you’d like the class to know about your life at Colgate?
6. What is something you’d like the class to know about your life outside of Colgate?

In this course, you will work in teams of 3–4 students to learn new concepts. This first activity will introduce you to the process.

## Meta Activity: Team Roles

Decide who will be what role for today; we will rotate the roles each week. If you have only three people, one should have two roles. If you have five people, two may share the same role.

### Questions (10 min)

**Start time:**

7. What is the difference between **bold** and *italics* on the role cards?
8. Manager: invite each person to explain their role to the team. Recorder: take notes of the discussion by writing down key phrases next to the table above.
9. What responsibilities do two or more roles have in common?
10. For each role, give an example of how someone observing your team would know that a person is not doing their job well.
